“  
**If the basics  
aren't followed,  
there is only one  
way this  
pandemic is  
going to go: It's  
going to get  
worse and worse  
and worse.”**

# Case fatality rate (CFR), percent

# Testing is very crucial for controlling outbreaks

Testing in Indonesia is very low, as is contact tracing

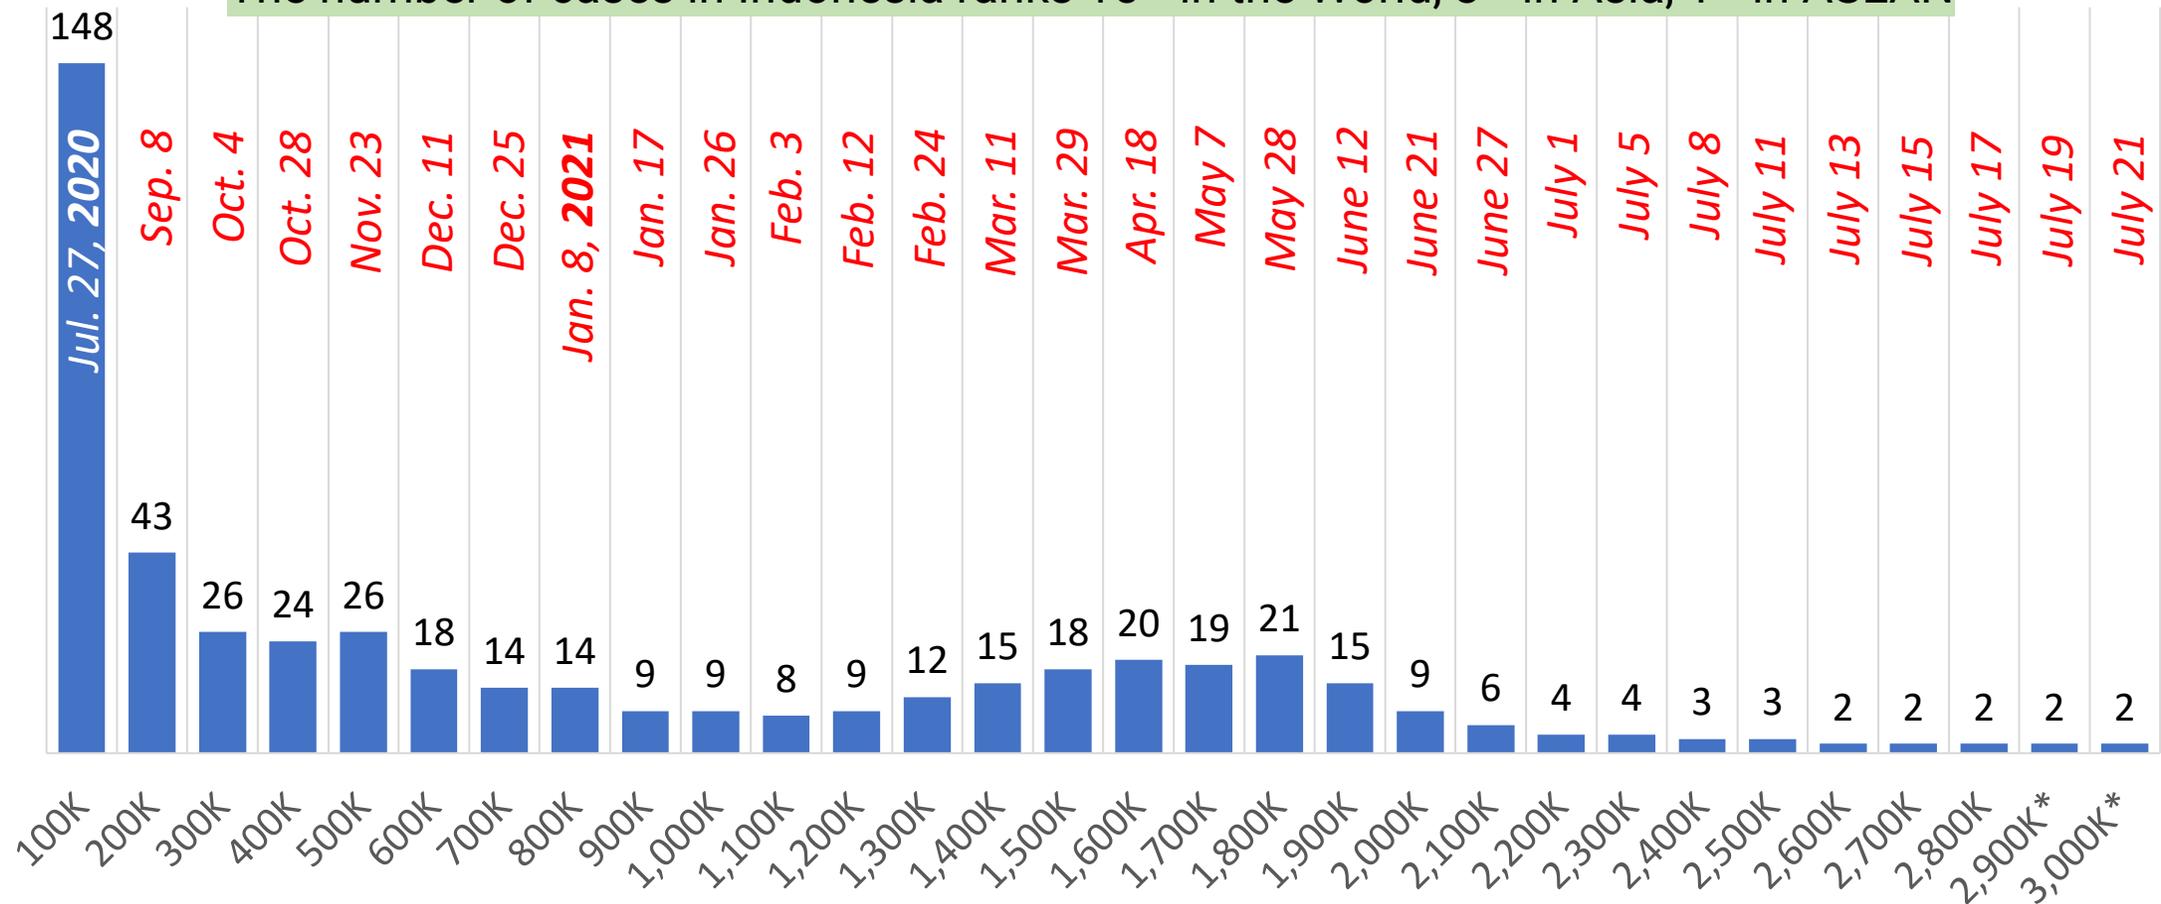

Notes: 1) Covers countries with more than 100,000 cases. Countries with cases over 3 million and tests over 1 million are not listed on the display. 2) Tests for Sudan, Democratic Republic of Congo, Tajikistan, and Syria are not available.
